ABSTRACT.

States that the sareen
tank which is situated
little above the petri tank
breached and its water
runched into the petri tank
which was then full; con-
sequently the petri tank which
he had constructed at a
great cost also breached
at a heavy loss to him. He
then submitted petitions re-
questing that his tank
might be repaired for the

above reasons (1) at the Govt expense, and that remission
of assessment allowed to him till then - Finally an
endorsement No 344 was given to him by the Dy Commr,
agreeably to the Chief Commr's orders, that as the waste weir
of the tank in question, had been raised, the tank
breached by the large current of surplus water
from the sacred tank & that the remission of $\frac{1}{4}$ th
of assessment, as recommended by the Dy Commr, was
enough - The Sethi says that he had at the advice
of the District Surveyor strongly repaired the tank - The
waste weir of the tank has never been raised or lowered
ever since the lands were given to him for
cultivation - The report made by the Amildar
at the instance of the people & without inspecting the
tank, has been upheld by the higher authorities - The
bund of the tank is about 6 or 7 feet above the level
of the waste weir of the tank - Begg that on a kind
consideration of the losses sustained by him the
tank in question may be ordered to be repaired
the Govt cost - or proper compensation paid to
him - He further adds, that remission of assessment
on his lands for the ~~last~~ nine 2 years was granted
but the condagams for the years Ishwara & Bohudanya

31

(11)
have been ^{urgently} de-
manded. His lands
have become unfit even
for dry cultivation owing
to the flow of a large body
of water over his lands
when the tank breached.
The sct is therefore unable
to pay assessment on such
a barren land. He has
herewith submitted a plan
of his lands for permanent
together with 2 pieces of
currency notes of Rs 70/- as
the deposit amount for the
condemners of the said
years. Begs that on a
kind investigation into
the records of his case the
condemners in question may
be remitted & his currency
notes returned to him -

To "L.Q. 53-77-14" (14)
The Secretary to the,
Chief Commissioner of Mysore
Revenue Department

Sir,

I have the honor to acknow-
ledge receipt of your official memo-
No 3444 dated 4th October last for
422
-warding for disposal or report if
necessary, a petition from Ramiah
of Moyasandra of the Kadaba
Talook complaining that the tank
of Bommanahally built at his
own cost was breached by the
bursting of a Government tank of
Honakeri Village and therefore
praying that the tank may be
put in order by Government and
that the assessment due on lands
below it for the years Yiswara
(1877-78) and Bahoodhanya
(1878-79) may be remitted.

2. In reply I have the honor
to

to submit that the tank of ³⁸ (14) Bomminahally was built by the petitioner at his own cost and the lands under it, about 25 Kaudies were rented to him @ Rs. 2.6 + This is the maximum dry rate prevailing in the Village per wet Kuidi.

3. In the year Yuva (1875-76) the tank breached and the petitioner having claimed its restoration by Government and the remission of assessment urging as a reason therefor that the tank was damaged owing to the breach of a Government tank above it, Colonel Pearce the Commissioner of the late Muddachroog Division ordered that the assessment should be remitted pending the petitioner rebuilding the tank, but the Chief Commissioner in his Proceedings No $\frac{1803}{110}$ dated 25 August 1877 granted a remission of only one fourth of the assessment due for Yuva, observing that the breaching of the tank was the result of faulty construction. namely

namely the unduly high ³⁶ level of
the waste weir. (7)

4. A question having risen as regards the assessment for Dhatu (1876-77) the Commissioner on 27th April 1877 passed the following order..

"A fixed period of time should be allowed the petitioner within which he should restore the tank during the interval he cannot be called on to pay *Kundayam*, but a fair time having been allowed if he fails by the period named to restore the tank, he can be called on to pay *Kundayam*"

A period of 3 months was accordingly allowed to the petitioner to restore the tank, but he failed to comply with it and now pray that the tank must either be restored by Government or he be paid compensation for the loss of the tank and that the assessment hitherto due should be remitted.

5. 38 During the ⁽¹⁶⁾ Jamabandi settle-
ment of the Kadaha Talook
I inspected the petitioner's tank
and the one above it, and the
lands in the bed of and below
the former. Judging from the
nature of the damage sustained
by both the tanks, I cannot be-
lieve that the breaching of the
Petitioner's tank was due wholly
to the bursting of the Government
tank above it. The waste weir
of the former was not sufficiently
liberal and it was besides in a
faulty position being too far from
the main feeder. The drainage
area was large and the tank
used to fill rapidly. But the
tank had been strongly built
and remained uninjured for
a period of 7 or 8 years from
1867-68 to 1875-76. Admitting that
the bursting of the Government
tank contributed in some measure
to the breaching of the Petitioner's
tank

38

tank I am still of opinion that on this account he is entitled to no compensation from Government. When building his tank under an existing Government tank so as to secure to the former the waste waters of the latter, the Petitioner must have foreseen the not unusual contingency of a breach of the latter and must accordingly have made his own tank sufficiently strong to withstand such a contingency. This in my opinion he failed to do and I think that on principle he is not entitled to the compensation he claims.

6. But Petitioner's tank was useful not only to himself and for the cultivation of his lands but it was a great boon to the ryots and Cattle of Bommana-hally and surrounding Villages whose water supply is very deficient even in ordinary years. I would accordingly recommend that he may

³⁹ may be given some ^{1d} advance
 under the Land Improvement
 Act, but upon this proposal I
 shall hereafter report when the
 Petitioner offers adequate security.
 7. In the meantime I beg to re-
 commend the remission of the
 arrears now due upon the lands
 under the tank for the years
 1877-78, 1878-79 and 1879-80 amount-
 ing to Rupees 203-¹¹/₁₀₀ - 6 as shown
 in the margin. I make this re-
 commendation because the lands
 in question have always lain in
 waste and in their present con-
 dition, with the silt and debris
 of the breached tank upon them,
 they are not capable of being
 cultivated. Even dry cultivation
 is for the most part impossible
 owing to the lands being under
 water during the rains.

8. The bed is cultivated free
 and the Petitioner may be allowed
 to enjoy the concession till the
 end of 1880-81, by which time

327 14 May 1877

In May 1877 the Comm<sup>r</sup> of Kandivory submitted for the Chief Comm<sup>r</sup>'s sanction a statement of Remission of Land Revenue amounting to Rs 67.10.10 for the year 1875-76 in behalf of one Ramienagar of Kataba on the ground that the crops raised by him under the Bommenahalli Tank (constructed by him) were washed away by the burst of the tank having given way in consequence of the excessive water which it received from a Sathar tank.

The Committee submits the  
proceedings in the case and,  
regards the discrepancy  
noticed, he states that from  
the Sumkhur by Committee

would appear that the amt  
of balance of Land Revenue  
in the Hadaba Taluk for

8 The Peshkar of Kudaba on a personal inspection of the tank, with petitioners reported that the tank in question breached partly under the circumstances stated in para 6 & partly in consequence of the rush of the water of the Sarkar tank some 2 miles above it, that the Kommenahalli tank was quite full, when the Sarkar tank breached.

The Peshkar further reported that there was nothing to prove that the Shekdar prevented the petitioners from sowing Bengal gram in the bed of the tank.

originally constructed) was  
raised (3 or 4 years ago) by  
Kadam gallu (Pebble stone)  
about  $\frac{1}{16}$  of a yard below  
the level of the bund, that  
owing to the heavy rains  
which fell during the  
season many large  
tanks breached and that  
the tank in question might  
have likewise breached  
from the large quantity  
of water rushing from  
the sloping plains just  
above it & from the  
Sarkar tank referred to.

his Rubkari <sup>(11)</sup> recommends that under the foregoing circumstances the remission of  $\frac{1}{4}$  Kandayam may be sanctioned.

vide Memo of 31<sup>st</sup> March 77

13 The Commissioners decided that the Kandayam should be remitted pending the reconstruction of the tank by petitioners.

14 I think the pet<sup>r</sup> Ramrupar was not entitled to the full remission recommended by the Com<sup>r</sup>. The damage to the Tank was caused partly by heavy rains and partly by want of its not having been kept in proper repair. It is further appear that the dam thrown across the Kosi also entitled to the

breach. Under  
 these circumstances  
 I think the minimum  
 of 1/4 or at least  
 1/2 Kim dayem is more  
 than what the peti-  
 tioner fairly entitled to.

Drafted

Memo in continuation of No 260 of (13)  
18-8-1877.

In August 1877 Ramiswami  
of Mysuram complained  
to this office that the  
tank of Bannabally built  
at his own cost was  
breached by the bursting  
of a Govt. Tank of  
Bannabally village and  
prayed that the tank  
might be put in order  
by Govt. and that the  
assessment due on  
the lands below it for  
the years 1877/78 and  
1878/79 might be  
remitted.

The foregoing petition  
having been referred  
to the Dy. Commr. of  
Mysuram for disposal  
or report if necessary  
Mr. H. Sheshadri Esq.  
in reporting the cir-  
cumstances which  
led to the breach of  
the tank is stated.

in the previous Memo<sup>(14)</sup>,  
brought to notice that  
the Petitioner had not  
repaired the tank  
though he was allowed  
3 months' time for it  
by the late Jamm.  
of the Nandoddy Dr.;  
that when he (Dr. J.)  
inspected the tank  
in question as well as  
the Govt tank above  
it he found that  
the injury sustained  
by the Petitioner's tank  
was not wholly due  
to the bursting of Govt  
tank above rather  
than to defective construction  
of waste weir. Admitting  
that the bursting of Govt  
tank partially contributed  
to the breaching of the  
Petitioner's tank, the Dr.  
Jamm. was of opinion  
that on this account  
he (Petri) was not entitled  
to any compensation  
from Govt. for when

28

when building his <sup>12</sup> tank  
under an existing Govt.  
tank so as to secure  
to the former the  
waste water of the  
latter, the Petitioner  
must have foreseen  
the not unusual  
contingency of a breach  
of the latter and must  
accordingly have made  
his own tank sufficiently  
strong to withstand  
such a contingency -  
The Dy. Commr, in conse-  
= deration of Petitioner's  
land having ~~been~~ been  
washed during the years  
Jeswar, Bahoodayya  
& Ramathya on account  
of the debris and silt  
of the breached tank,  
Recommended that  
a permission of assess-  
= ment viz Rs 203-4-6  
at the rate of Rs 67-10-10  
a year might be sanctioned  
and that he might  
also be permitted to  
cultivate the bed of

the bed of the tank<sup>(16)</sup>  
free till the end of  
1880/81 by which time  
he would undertake  
to rebuild the tank  
and resume cultivation  
under it.

26

The Sheriff in  
No: 205 of 13<sup>th</sup> April/80  
did not entertain the  
Dy. Commr's proposal  
as regards the remission  
of full assessment  
for 3 years, with allowance  
to cultivate the bed  
of the tank free of tax  
but sanctioned was  
the remission of one half  
of the assessment for  
the years 1877/78, 1878-79,  
1879/80, and 1880/81. on  
the distinct understanding  
that the full assess-  
ment was to be enforced  
thereafter.

The Dy. Commr. now  
reports, with reference  
to Raming's appeal  
to this office, complaining

Mr. Bobbar also brings to notice the cultivation of the bed of the tank by the Petitioner in violation of the previous orders on the subject and his non-payment of a deposit on that account, amounting to Rs 132-13-4.

L.R. 53-77 (26)  
Petition dated 1 November  
1889 from Ramingar of  
Mayasamudra village  
Ziptur Taluk -

no. R. 30

\*  
For 1875-76

On the 14<sup>th</sup> May 1877 the  
Commissioner of the Nandi-  
droog Division submitted  
for the Chief Commissioner  
Sanction a statement of  
remission amounting to  
Rs 67-10-10 due by the  
petitioner the crops on whose  
lands had been washed  
away by the breach of his  
private tank at Bommen-  
hally caused by the breach  
of a circular tank above.  
The grant of this remission  
by the Commr and his  
recommendation for writing  
off the whole amount  
was in revision of  
the orders of the Dy.  
Commr whose recommend-  
ation was only for a  
remission of  $\frac{1}{4}$  of the  
whole amount. The

Pro: no.  $\frac{1803}{110}$  25-8-77 Chief Commissioner on  
a perusal of the record  
submitted, observed

That the damage to the  
Petitioner's private tank  
was caused partly by  
heavy rains and partly  
by reason of petitioner's  
neglect to keep it in repair,  
upheld the views of the  
Deputy Commission  
and sanctioned the  
remission of  $\frac{1}{4}$  of the assess-  
ment viz Rs 16-14-8 -

(25) 91  
Pro: no.  $\frac{3744}{307}$  d 27.2.78

The petitioner was not satis-  
fied with this, and on 20<sup>th</sup>  
August 1879 petitioned the  
Chief Commissioner, <sup>and</sup> ~~stated~~  
stated effect that his  
tank breached by the  
breach of the Govt. tank  
above it, that he had  
strongly repaired his  
tank at the advice of the  
District Surveyor, that  
the wastewir had never  
since been lowered or raised  
that the amildar's taxes  
report made without  
personal inspection of  
the tank was wrong, and  
prayed that his tank  
might be put in order  
by Govt. and that the  
assessment due on  
the

<sup>22</sup>  
(1877-78 + 1878-79) years Iswara + Bahadur  
might be ~~xxx~~ remitted -

On this petition the Dy.  
Commr (Mr. Sheshadri Iyer)  
reported to the effect that  
the petitioner had been  
allowed 3 months time  
for the repair of the tank  
by, that far from ~~repairing~~  
it, however, the petitioner  
prayed the restoration  
of the tank by the Govt.  
itself or compensation  
in lieu for the loss  
sustained by him, that  
he ~~the~~ pr (Dy Commr).  
personally inspected the  
petitioner's tank, the one  
above it and the land  
in the bed of and below  
the former but could not  
see that the bursting of  
the petitioner's tank was  
due wholly to the bursting  
of the Govt. tank above  
it, that the waste weir  
of the former was neither  
sufficiently liberal or  
not in any but a faulty  
position being too far  
from the main feeder,

that

That even granting that  
 the bursting of the Govt.  
 tank contributed in  
 some measure to that  
 of the petitioners, he could  
 not be of opinion that  
 the petitioner was entitled  
 to any compensation  
 for the reason that when  
 constructing his tank  
 below the Govt. ~~one~~  
 so as to secure to the former  
 all the waste waters  
 of the latter, the petitioner  
 ought to have anticipated  
 a contingency such as  
 the one in question and  
~~made his tank~~ not an  
 usual one, and made  
 his tank capable of  
 standing such a contingency.

But the Dy. Commissioner  
 at the same time recommended  
 some advance to the petitioner  
 under the Land Improve-  
 -ment act on the score  
 of the usefulness of  
 the petitioners' tank to  
 the ryots and cattle of  
Bommenahally and  
 surrounding villages  
 whose

whose water supply<sup>30</sup> was very defective even in ordinary years. He also recommended remission of Condageen on the land below the tank as per margin\*. Consequent on these having always lain waste in their then condition with the silt and debris of the breached tank upon them and incapable of being cultivated either for a wet or a dry crop. The report further added that the bed of the tank was cultivated free, and that it might be allowed till the end of 1880-81 by which time according to the same report the petitioner undertook to rebuild his tank and resume cultivation under it.

Pao: no. 205 / 8 13-4-80.

The Chief Commissioner observed that the petition was clearly not entitled for the benefit of his tank or any compensation. Some indulgent treatment might be desirable under

the circumstances of the case,  
that the proposal to remit  
the whole of the assessment  
for the 3 years, ~~was~~ while  
allowing the petitioner to  
cultivate <sup>well</sup> of the tank free  
~~seemed~~ <sup>as the same was approved Board of 1877</sup>  
~~was~~ untenable, but

sanctioned the remission  
of one half of the assessments  
for 4 years including  
1880-81 on the distinct  
understanding that the  
full assessment was  
to be enforced hereafter.

The petitioner ~~was~~ not  
content with this, and  
petitioned the Chief Commr  
on 22<sup>nd</sup> July 1880 praying  
for full remission.

But the Chief Commissioner  
declined to grant any  
further concession.

Edmement No. 13802 26.8.80

on 28<sup>th</sup> August 1880 the  
petitioner again petitioned  
the Chief Commissioner  
stating that the petitioner  
had ~~suffered~~ suffered a  
great loss by the state of  
his tank, that he had  
no means for spending  
Rs 1000/- required for the  
repair

at 6

(32)  
upon of it, and prayers  
prayed that as he requires  
2 or 3 years for raising  
the requisite funds, a  
further remission of  
half condagem for 4  
years from Vishe 1882-83  
might be granted, &  
the repair undertaken  
by Govt. as a Charity.  
The petition was referred  
to his <sup>the</sup> previous in-  
-ment No. 1380 d 26.8.80  
declining to grant further  
concessions to those submitting  
in P. 995. No.  $\frac{205}{8}$  d 13.4.80

On 24<sup>th</sup> January 1882  
the petitioner again petitioned  
the Dewan complaining  
against vexations &  
attachment of his  
property though he had  
up paid up the  
arrear. The petition  
was referred to the Dy. Com-

of the record connected  
with the complaint.

No.  $\frac{8452}{576}$  d 27.1.82

Camp No. 3 d 1-2-82

On this the Deputy  
Commissioner reported  
that

That the Petitioner's statements  
 regarding the ~~peto~~ payment  
 of the arrears, and vexatious  
 attachments by taluk authorities  
 were totally false, that  
 tho' convinced him of  
 the propriety of yielding  
 to the Chief Commr's  
 orders no. 205 of 13-4-80,  
 he refused to pay the  
 arrears, that he did not  
 send the counterparts of  
 the half currency notes for  
 Rs 100/- worth which he  
 forwarded with the object  
 of putting off the demand  
 to an indefinite period  
 and to deceive the Govt.  
 thereby, that the arrears  
 due by him were Rs 3069-9

 for the reasons above  
 cited and as the petitioner

The petitioner then addressed 3 petitions to Mr Rengachari on the 19<sup>th</sup> November 1882 complaining of heavy taxation of his lands, Excess collection from him on account of ariars, attachment of his lands &c. . . . To  
The Secretary to the  
Chief Commissioner  
of Mysore  
Sir,

In submitting the accompanying Statement of Remission of Land Revenue amounting to Rs 67-10-10 for the Year 1875-76 due by one Ramdas, of Kaddaba Taluk, I have the honor to state as follows:—

2. The individual referred to applied in the first instance to the Dy. Commissioner for a remission of Cundayum on the ground that the crops had been

112

(46)  
washed away by the breach of  
a Circular tank situated above his  
tank and which was also breached  
in consequence. The Deputy  
Commissioner having declined to  
grant the remission, the man  
appealed to me, and upon perusal  
of the whole of the Proceedings,  
I remitted the fine in  
full, pending the reconstruction  
of his tank.

3. Under these circumstances  
I trust that you will be so good as  
to obtain the Chief Commissioner's  
sanction to the above sum of Rs  
67-10-10 being written off the ac-  
counts.

## ABSTRACT.

Submits an English  
 report referring to enclosure  
 No. 1380 of 26 August  
 in which half of the  
 amount due on his  
 lands below the Bomanahalli  
 tank has been remitted  
 & states that he has  
 suffered much loss owing  
 to the tank being in dis-  
 repair. The Govt has not  
 undertaken to repair the  
 tank & he has no means  
 to repair the tank himself

Rep that half remission 101 121

Mysore

The humble petition of M. Ram.  
Kadaba Taluq

Respectfully sheweth

That an endorsement has been made  
dated the 26<sup>th</sup> August No. 1380, making  
remission of half the amount of Vunday  
for his land under the tank of Bomman  
in this Taluq.

That the Sirkar did not undertake  
repairs that tank, neither compensation  
given to for it, that up to date no full  
remission has been granted, that the  
petitioner suffered a great loss in  
connection with that tank, that about  
Rs: 1000 is required for getting the tank  
repaired that the petitioner has no  
means to lay out such a large sum,  
that it will take 2 or 3 years for the  
petitioner to secure that large sum  
that therefore he prays that half  
remission at least may be granted  
to him for 4 years from the year  
Vishu, that Government may kindly

undertake the charitable work of  
helping its poor with regard  
to their land. The petitioners beg  
to await your honor's pleasure on  
the subject.

Yours obedient servant

READ—

No. D, dated the 20th December 1881 from the Deputy Commissioner of Hassan, reporting for approval that he has intimated to the Jamabandi Officers that the granting of remissions in the case of lands lying waste under tanks is permitted by the recent rules.

No. 7573-80—228, DATED 27TH DECEMBER 1881.

ORDER THEREON.—The rules regarding the remission of half assessment on wet lands laid waste apply to lands situated under tanks yielding a revenue of less than Rs. 100 as well as those with a larger beriz, as all these lands are charged with the full wet assessment. But they were not intended to apply to tanks constructed or kept in repair by private individuals and for which they are allowed a permanent remission in the assessment. Some consideration may be necessary in these cases also in years of general failure of rain. But these cases which are not sanctioned by the rules should be submitted for previous orders.

2. The season in the current year cannot be regarded such as to call for the indulgence except perhaps in one or two taluks of the District.

Sir,

With reference to your official  
Memorandum No:  $\frac{8452}{576}$  of the 27<sup>th</sup> ultimo,

7/3 not kept

I have the honor to forward herewith  
the Vernacular records connected with  
the complaint preferred by Ramaiya  
of Mayasandra in his petition  
alluded to, and state that he owes  
to the Kadaba Sahib a sum of Rupees  
306-9-9 up to date as particularized  
in the margin\*

2.- During my tour through the  
Sahib and also at the current year's

129  
laid before me the records in  
question, I inspected the breached  
tank at Bommenahalli and lands  
mentioned by the petitioner, and  
conducted local enquiry into the case  
in his presence. — There is not a  
particle of evidence to support the  
petitioner's allegation that he paid  
up his arrears, and that the  
Amildar caused, out of spite, his  
property to be attached and sold  
to the prejudice of his interests;  
but on the contrary it appears that  
the petitioner concealed his moveables  
and obstructed the sale of land  
by the lawful authority of a Public  
Servant. I tried my best to convince  
the petitioner of the propriety  
in yielding to the orders of  
the

the Deputy Commissioner<sup>130</sup> No: 173 of  
31<sup>st</sup> May 1880 issued with reference  
to the Chief Commissioner's Proceedings  
No:  $\frac{205}{8}$  of 13<sup>th</sup> April 1880, and of  
the unreasonableness of his request  
for full remission of the amount  
due by him as well as of his ground-  
-less complaints against the Taluk  
Authorities, but in vain. - He refused  
to pay the arrears, nor did he send  
the counter parts of the half currency  
Notes for Rupees 100, which he  
forwarded with the object of putting  
off the demand to an indefinite  
period, and to deceive the Govern-  
-ment thereby. - There is no use of  
keeping the matter any longer in  
suspense, and in order to dispose  
of it finally, I directed the Amildar  
on

on 31<sup>st</sup> December last <sup>(110)</sup> to proceed <sup>131</sup>  
against the defaulter's property,  
which of course comprises nothing  
but waste lands for which there  
was no bid last year as mentioned  
in the Amildar's report No: 850  
dated 31<sup>st</sup> December 1881.

3. — I avail myself of this  
opportunity to bring to your notice  
another circumstance, which appears  
necessary to be considered at the  
settlement of the petitioner's com=  
=plaint. — Since the breach of the  
Bommahalli Tank, he has  
cultivated its bed as stated in the  
Amildar's report No: 963 of 30<sup>th</sup>  
January 1881, and the Kandayam  
thereof at the adjacent rates  
amounts to Rupees 132-13-<sup>00</sup> per  
Annum

2/.

132

111

annum. — The rule that bed of private tank can be cultivated free by its owners during the season when it contains no water does not apply to the petitioner's case; because his tank breached 6 years ago is under the circumstances mentioned in this Office letter<sup>\*</sup> to the address of the Revenue Secretary to the late Chief Commissioner, and he has abandoned the work altogether withholding also the payments for the land below it.

Sir;

With reference to your official Memo No  $\frac{9507}{664}$  dated 18<sup>th</sup> March last, directing me to report as to what took place with reference to previous orders on the subject of Mr. Rammin-gar's petition, I have the honor to state that the resale of the Petitioner's land for arrears of revenue was fixed on the noon of the 15<sup>th</sup> February, 1882; but your final orders No  $\frac{8831}{591}$  dated 10<sup>th</sup> Idem giving cover to copy of the endorsement given to him not being received in my camp at Sera, until the evening of the 15<sup>th</sup>, the Amildar of Mayasandra cried up on that noon as per previous arrangement, but finding no bids sent up to the Kadaba Amildar the blank sale lists. On the 16<sup>th</sup> I issued

issued necessary orders in accordance with the terms of the above mentioned endorsement, and the sale of his property has been stopped.

2. The figures given by the Petitioner in his statement do not tally with the accounts of the Talook, in consequence of his having entered therein the Cundayam of resumed land, and omitted an item amounting to Rupees 1-14-9 due by him on account of a field in his possession. I have enclosed herein a Canarese statement prepared by the Amildar with reference to the existing Taluk accounts, from which it will be observed that out of Rupees 306-9-9 due by him up to the last year, Vishoo, the remission granted under the Chief Commissioner's Proceedings No  $\frac{205}{8}$  of 13<sup>th</sup> April 1880 alluded to amount to Rupees 137-6-6; adding to which Rupees 111-11-0 since paid by him, makes Rupees 249-1-6, leaving a balance of Rupees 57-8-3

742 <sup>5</sup>7-8-3, which comprises 12<sup>th</sup> item vizt:

Ruppes 14-3-9 arrears of Cunda-  
-yam on the Bomnahalli land  
below his private Tank, and  
Ruppes 43-4-6 on the Maya-  
-sundra lands under the Cir-  
-kar Tank. -

C. V. Kunga Charloo Esq<sup>r</sup>: C. J. E.  
Orwan to His Highness  
The Maharaja of Mysore

The humble petition of Kunga Sringa  
of Mayisundra Kadaba Talook.

Sheweth,

I. That your petitioner owed Government  
Rs. 120.3.5 up to Namadi 1879-80 on account  
of arrears of revenue on certain lands situa  
at Mayisundra.

II. That the Kadaba Talook amildar  
caused those lands and a stack of raggi  
to be attached towards payment of such  
arrears and fixed the 7<sup>th</sup> of March 1880 as  
date of their sale.

III. That your petitioner on 6<sup>th</sup> Mar  
paid the Kandaya Siry: Rs. 120.3.5 and req<sup>d</sup>  
the amildar to withdraw the attachment  
order and put petitioner in possession of the  
lands and the stack of raggi crop.

IV. That the Kadaba Talook amildar  
did not comply with such request.

V. That there was at the above said  
time another demand of Rs. 205.2.3 ag<sup>d</sup>  
petitioner on account of revenue for land  
held by him the Kominahall. The

VI. That the late Chief Commissioner having vide Proceedings No 205 dated 15<sup>th</sup> April 1880 sanctioned the remission of half a peshant on lands under the Bonerwally Tank your petitioner was liable only to the extent of Rs: 102.9.2 but the amildar has recovered from him 13 Rs. 9 ann: 6 pies more or 11 Rs: 2 ann: 8 pies.

VII. That your petitioner was thus by September 1881 free from all liabilities to Government, the amildar nevertheless kept him out of possession of his lands and crops apparently to cause loss to him as the enclosed endorsements etc. will shew.

VIII. That your petitioner holds another piece of land No 70 in the Mayisundra Village. He had improved it and strengthened the cultivation at a cost of 400 Rs.

IX. That the Kadaba Talook amildar had it attached also for revenue arrears whilst none such was due thereon.

X. That subsequently on the 22<sup>nd</sup> of Novr 1880 the Mayisundra Tank broke and the contractors in the course of repairing it excavated earth from petitioner's land to a depth of 3 muns height and thereby made it unfit for cultivation.

XI. That your petitioner represented this circumstance to the Deputy Commr: and prayed for compensation being given to

147

to him but it resulted in the resumption  
of the land by Government.

xii. That your petitioner under the  
above circumstances prays:-

- 1/1 Compensation for losses sus-  
tained on items No ii & v.
- 1/2 Refund of excess money on  
item No vi.
- 1/3 Return of land resumed by  
Government vide item No: xi.
- 1/4 Return of stock of raggi crop  
valued at 100 Rs. Item No: ii.

For which act of kindness your  
petitioner will be in duty bound

ever pray.

Sir,

The enclosure, copy of a petition —  
presented by me to the late lamented  
Dewan on the 20<sup>th</sup> November 1882 will  
give a plain account of the circumstances  
of my sad case. Had the gentlemen lived  
I have no doubt he would have redressed  
my grievances but since that was not  
to be, I address myself to your honor —  
trusting your honor may look into  
my case and redress my grievances.

I need not describe the privations  
of myself and my poor family coupled  
with the drain on my health and my  
poor purse owing to constant going  
about from place to place in hopes of  
redress.

EXPLANATION FOR PARA VI.

According to Shekdar's putty the Go-  
vernment demand against Boménahully  
lands up to end of Pramadi 1879-80 was  
Rs. 205-1-4.

In consequence of heavy breach in the  
Bomenahully tank caused by other Gov-  
ernment tanks breaching Mr. Seshadri Iyer  
Deputy Commissioner of Tumkur at time  
of Jamabandy in February 1880, inspected  
the same and promised (Vide Dy. Com-  
missioner's recommendation to the late  
Chief Commissioner) full remission of kan-  
daya on the petitioner's lands under it.  
While your petitioner was awaiting the  
order of remission, the Talook demand be-  
came pressing and the Shekdar out of  
grudge, at once attached the Bomenahully  
lands as also those in the Mayasandra Vil-  
lage and two heaps of paddy—produce of  
lands Nos. 19 and 25 in Mayasandra—but  
sold all but the produce of No. 25 Vide

\*No. 2905.

The Chief Commissioner having, in re-  
ply to the Dy. Commr's. recommendation  
on 13th of April 1880, Vide proceedings  
No.  $\frac{205}{8}$ , sanctioned the remission of half  
kandaya on Bomenahully lands the petition-  
er in place of paying Rs. 102-8-8 paid Rs.  
116-2-3 under Amildar's verbal orders and  
sought the release of lands and crops from  
attachment. But the Amildar in reply stat-  
ed that petitioner's lands had *never been at-  
tached releasing only* the crop of land No.  
25 (Vide para IX of petition and endorse-  
ment \*No. 307 dated 15-10-80 given in ex-  
tenso with translation in Margin); and on  
21st July 1881 he served petitioner with a  
*and the remaining half of the remission of Kandaya for Bomenahully*  
notice for full kandaya for Vikrama. The  
petitioner with a deposit of 50 Rupees  
sought refuge with the District Officer for  
the remission of half kandaya under Chief  
Commissioner's proceedings already refer-  
red to, as no crop of any kind could  
be raised on the lands in question and  
the breach in the tank bund had not  
been repaired. No relief was obtained  
in this quarter either. The Amildar made  
another demand for full kandaya for the  
year Vishú fixing the 15th February 1882  
for the sale of lands.

Aggrieved at these arbitrary proceedings  
the petitioner requested the Dewan for im-  
mediate interference, which had the de-  
sired effect of bringing peremptory \*orders  
from him to the Officers concerned for the  
recovery of half kandaya only on the Bo-  
menahully lands. The petitioner in obedi-  
ence to these orders sent the half kandaya  
viz. Rs. 111-11-0 from Bangalore by ex-  
press anche on 14th February 1882 to en-  
sure payment to Kadaba Taluk Treasury in  
time before the threatened sale on 15th  
February 1882. The sale nevertheless  
took place.

Like the Mayasandra lands the Bomena-  
hully lands have been under attachment for  
two years together, subjecting petitioner  
to constant vexatious demands and un-  
merited remarks on his conduct.

Another instance for the 1st item of relief  
sought.

EXPLANATORY MEMO OF REASONS IN SUPPORT OF THE  
SEVERAL REQUESTS CONTAINED IN PETITION  
ADDRESSED TO DEWAN.

EXPLANATION FOR PARA I.

The petitioner holds 3 lands Nos. 150, 25, and 19 in the Mayasandra Village and the Government demand against them up to end of Pramadi 1879-80 was Rupees 120-3-5.

The crops on the above lands having almost died from want of water the petitioner had with a deposit of 100 Rs. borrowed from Kumbham Garoodachar as explained in a subsequent para, applied to Government for remission of  $\frac{1}{2}$  assessment on the above lands. Before this application could be disposed of, the Shekdar attached the said lands and a stack of raggi crop of land No. 150 and notified on 3rd March 1880, the sale of the lands in question. The petitioner therefore on 5th March 1880, requested the Amildar to stay all proceedings of sale pending disposal of his petition which had been submitted to the local Government. The Amildar however declined to grant the request and petitioner on 6th March 1880 satisfied the Government demand from the deposit money (which was in half Notes, the remaining halves having already been sent to Government) and also in cash raised from the said Kumbham Garoodachar. The Amildar received the amount promising to send next morning by express anche, from money placed by petitioner at the Amildar's disposal for the purpose, a takeed to Shekdar to release the lands &c. from attachment.

“You are aware that orders have been issued to you for the sale with date fixed, of Ramiengar's lands in satisfaction of revenue arrears. Until another order shall issue, the sale business under previous orders shall be stayed”. This takeed while it does not remove altogether the attachment order is tantu mount to non-compliance with petitioner's request as stated in Para IV of his petition.

It is favorable only to the extent that sale shall be stayed. N. B. Doing a prohibited act is a breach of order on the part of Shaukdar, the result of deep-seated ill-will towards petitioner.

—0—

The “justy and Haraj” putties shew only one land as attached and sold.

The copies of the “justy and Haraj” putties of the other two lands have not been furnished to petitioner though applied for.

The Shekdar received the \*Takeed on 7th March 1880, he nevertheless *cried sale* of the land on 8th March 1880 *leaving the* stack of raggi crop *unaccounted for*. Vide \* “Haraj” putty dated 8th March 1880.

It is thus evident that lands the demand on which had been the subject of appeal to Local Government, and had in the meantime been fully satisfied owing to unmerited and unnecessary pressure, have been sold *in direct contravention of orders to the contrary* and the petitioner *deprived of his only means of living*.

So much for the first item of relief sought.

THE HUMBLE PETITION OF RAMIENGAR OF MAYASANDRA  
IN THE LATE KADABA TALOOK, SINCE ADDED TO  
THE TIPTUR TALOOK, TUMKUR DISTRICT.

SHEWETH:—

I. That your petitioner owed Government Rupees 120-3-5 up to Pramadi 1879-80 on account of arrears of reveaue on certain lands situated in the Mayasandra Village.

II. That the Kadaba Talook Amildar caused those lands and a stack of raggi crop of land No.  $\frac{7}{150}$  (land excepted) to be attached towards payment of such arrears and fixed the 7th of March 1880 as the date of their sale.

III. That your petitioner on 6th March 1880 paid the Kandaya viz. 120-3-5, and requested the Amildar to withdraw the attachment order and put petitioner in possession of the lands and the stack of raggi crop.

IV. That the Amildar did not comply with such request.

V. That there was at the above said time another demand of Rs. 205-1-4 against petitioner on account of revenue arrears for lands held by him under the Boménahully tank.

VI. That the Kadaba Talook Amildar in addition to attaching Bomenahully lands included in putta No 42 had the Mayasandra lands and two heaps of paddy-produce of lands Nos. 19 and 25-also attached a 2nd time for the said arrears.

VII. That the late Chief Commissioner having, Vide Proceedings No.  $\frac{205}{8}$  dated 13th April 1880, sanctioned the remission of  $\frac{1}{2}$  assessment on lands under the Bomenahully tank, your petitioner was liable only to the extent of Rs. 102-8-8 but the Amildar has recovered from him Rs. 13-10-0 more, or Rs. 116-2-8 still keeping the land under attachment.

VIII. That your petitioner thus free from all liabilities to Government by September 1880, prayed the Talook Authorities to restore the lands and crop to him.

IX. That the Talook Amildar in reply to such requisition stated (Vide endorsement given in extenso with translation in Explanatory Memo appended) that petitioner's lands had *never* been attached *only* releasing the paddy crop of land No. 25.

X. That the Amildar having again by Notice after the issue of such en-

dorsement made a further demand, your petitioner *sought reasons* for such demand at the hands of the Deputy Commissioner.

XI. That the Deputy Commissioner instead of bestowing upon the case such consideration as it deserved, informed petitioner through the Amildar that the demand made by the Amildar, was the balance on the Bomenahully lands *still ignoring* that *half assessment* on them *had been remitted* by the Chief Commissioner.

XII. That your petitioner holds another piece of land No.  $\frac{7}{150}$  in the Mayasandra Village. He had improved it and strengthened cultivation at a cost of 410 Rs.

XIII. That on the 22nd of November 1880, the Mayasandra tank breached and the contractors in the course of repairing it, excavated earth from the above land to a depth of 3 men's height and thereby made it unfit for cultivation.

XIV. That your petitioner represented this circumstance to the Deputy Commissioner and prayed for *compensation* being given to him but it resulted in the *resumption* of the land by Government.

XV. That your petitioner under the above circumstances prays—

**K. SHESHADRI IYER. ESQUIRE. B. A., B. L.,**  
DEWAN TO HIS HIGHNESS THE  
MAHARAJA OF MYSORE.

Sir,

The enclosure, a copy of a memorial presented by me to the late lamented Dewan on the 20th November 1882 will give a plain account of the circumstances of my sad case. Had the gentleman lived, I have no doubt he would have redressed my grievances but since that was not to be, I address myself to your honor trusting your honor may look into my case and redress the wrongs which have been grinding me for past years consequence of the high handed proceedings of subordinate officials.

I need not describe the privations of myself and my poor family coupled with the drain on my health and poor purse owing to constant going about from place to place in hopes of redress.

RAMIENGAR'S  
PETITION.**

The other point demanding notice is about the crop of land No. 19 referred to in a preceding para at the opening of the Explanatory Memo. As already explained in that para, the petitioner had in consideration of Rs. 120 0-0 borrowed in parts from Kambham Garoodachar for payment of Kandaya on Mayasandra lands and also in consideration of another sum of 80 Rupees borrowed on 9th March 1880 to meet certain other Government demand, in all amounting to Rs. 200-0-0, sold to him two year's paddy crops viz. Pramadi and Vikrama, of land No. 19. Vide stamped bond dated 9th March 1880.

While K. Garoodachar was under this contract gathering the Pramadi crop and preparing the land for next year's cultivation, the Shekdar on 21st July 1880 *intercepted* the removal of the crop (*Raj* and *Koolpal* together) as also the paddy crop of land No. 25 on the plea that Kandaya on Bomenahully lands had not been paid.

K. Garoodachar on 24th and 26th July 1880 communicated by post to Shekdar to *remove the restraint* but to *no result*. K. Garoodachar afterwards addressed petitions to the Talook and Deputy Commissioner. The Shekdar thereon reported to the Amildar that K. Garoodachar *bought the crops subsequent to attachment. This is entirely false.* The sale took place on 9th March 1880, while the so called "jufty" was made on 28th July 1880 in the manner already fully detailed Vide remark marked (§) thus in margin opposite Bomenahully lands in Explanatory Memo.

The heap of paddy consisted of  $54\frac{3}{4}$  candies valued at Rs.  $328\frac{1}{2}$  Vide "Réké putty" and is *still* under *attachment* in the face of several documents that it was not petitioner's property. The Shekdar's proceedings as above detailed shew with what intent he has done all this under the cloak of duty.

An early inquiry into it however is respectfully solicited as K. Garoodachar is anxious to have his loss made good by means of proceedings against the Shekdar in question.

which on the very face of it shews that  
no line of distinction has been drawn  
between people who construct tanks at their costs

The Survey Department on a re-

This does no good to petitioner - the rate of  
assessment on his lands being identical  
with those obtaining under Govt. tanks.

Under these circumstances your  
petitioner prays that his lands may be

Your petitioner cannot

struction he was Pattadar of the lands  
under this tank paying Candayem at the  
Koochky rate viz: 5 Annas per dry Koodo.  
After the construction of the tank the lands  
below it were confirmed to petitioner at  
the rate of Annas 2 1/2 per Tari Koodo which  
would amount to 14 Annas of the origi-  
nal Koochky or dry Koodo. At this rate  
the apportionment on each acre of land  
comes to Rs. 1 1/2. The Survey Department  
have now raised the Candaya to 3 Rs. per  
acre and allotted it to petitioner at 2  
Annas per acre or minus 1/4 of the raised  
Survey Candaya. This proceeding is  
irregular.

as alleged by Ramnagar in his memorial to the Dewan were due by him up to the year Pramadi for Moyasandra lands Rs. 107.4.177. A Ragi stock estimated to contain 2 families of Ragi and lands held by him under the Moyasandra Tank were attached in satisfaction of this amount on 22<sup>nd</sup> and 20<sup>th</sup> January 1880 respectively and the lands were notified to be sold on the 8<sup>th</sup> March following. It is not known how the Ragi stock was disposed of though the Shikdar now states that it was taken away by the owner himself. This is not borne out by any record. Ramnagar having paid Rs. 120 in cash to the Gubbi Amildar on 6<sup>th</sup> March an order dated 7<sup>th</sup> idem was issued to Shikdar Bhairappa of Moyasandra to stop the sale pending further orders. N. 138 178 Survey Supdt's Office  
Mysore 28<sup>th</sup> May 1884

(40)  
The Secretary to the  
Dewan of Mysore  
Sir,

I have the honor to forward the required <sup>report</sup> on the petition of Kadab Ramengar, called for in your Docket N. 340 of the 13<sup>th</sup> August last, and again in reminder N. 137 of the 22<sup>nd</sup> Instant. This report has, I regret to say, been delayed owing to an oversight in my Office.

2 The Petitioner holds lands under the Bommanahalli tank, as follows.

18<sup>th</sup> There is also the following  
 land, assessed at dry rates, which  
 is stated to be in the possession  
 of the Petitioner and of which  
 perhaps one or two acres could  
 be cultivated as wet.

— Survey No. — Area — Assessment —

In the possession of others  
 there are the following lands.

 The

728

The total area under <sup>(148)</sup> the tank thus comes to 70 acres and 10 guntas assessed at Rs. 118.4.0 of which 41 acres 28 guntas are in the possession of the Petitioner.

3 In assessing the lands under the tank no consideration was of course given to the fact of the Petitioner having re-stored the tank at his own cost. A remission of  $\frac{1}{4}$ <sup>th</sup> of the wet assessment is usually given, the tank <sup>is</sup> in good order, if the applicant can prove that he repaired or constructed the tank under authority, but it is obvious that, at the time of classification, it would not have been right to allow for this, indeed the probability is that the Classing Officer did not know the tank was a private one, at any rate, if he did, he could not know that the claim was a just one,

and

129  
and he accordingly classed  
the lands just as he would  
any other Government lands.  
In fixing the assessment I  
could not make any distinction  
between these and other lands.

4 I have myself fre-  
-quently inspected the tank  
under report. It is breached  
and a report to this effect has  
also been made to me by the  
Deputy Commissioner in his  
Vernacular letter No. 34 of  
the 15<sup>th</sup> August last. <sup>51</sup>

5 The assessment fixed  
by this Department is on the  
basis of the ~~nominal~~ supply  
of water when the tank was  
in order.

6 The Petitioner cannot  
claim the tank as a private  
one as it is breached and he  
has not fulfilled the necessary  
conditions

conditions. But as <sup>(150)</sup>the tank  
is now breached and is not  
likely to be repaired by  
Government the dry and  
wet rates can be shown sepa-  
-rately by this Department  
and a statement furnished  
to the Deputy Commissioner  
who can levy the former  
until the tank is repaired.  
It rests with Government to  
take such steps <sup>as</sup> it considers  
right towards restoring this  
tank and as regards the question  
I am asked, as to whether I  
would recommend the grant-  
-ing to the Petitioner a favour-  
-able rate of  $\frac{3}{4}$  <sup>ths</sup> of the full  
assessment should he restore  
the tank, I beg to state that  
the only objection I can see  
is that in a trivial case  
like the present one a pre-  
-cedent would be establish-  
-ed, which might be incon-  
-venient, before the general  
question

question is disposed of.

No. 3158-9 of 18. 8. 84. Order  
163

Before the introduction of  
the Survey and Settlement  
into the late Kadab Taluk  
Pet. Rameswar held <sup>K. K. 1/2</sup> 21-5-0  
of wet land under the  
Bomminkalli Tank at  
on an assessment of Rs. 65-10-0, at  
the favorable rate of  $2\frac{1}{2}$   
Annas per Acre which  
was conceded in consi-  
deration of his having  
restored the tank. During  
the Settlement, ~~full~~  
~~wet rates were imposed~~  
~~upon the land~~ - Against  
this Rameswar complains  
and asks that the rate  
of Rs. 2. 14. 0 per acre  
adopted by the Survey  
Dept. in assessing the  
land in question be reduced  
to Rs. 1. 3. 0 - This request

An extent of 27. 33 out of  
Pet. holding was classed as  
~~wet~~ wet land and  
assessed at Rs. 80, @ <sup>Rs. 2. 14. 0</sup> 2. 14. 0  
per Acre and the remainder  
was assessed at dry rates.

~~is absurd and cannot~~  
 be granted. But in  
 consideration of the Expense  
 incurred by Ramnagar  
 in restoring the tank,  
 the Dewan is prepared  
 to allow him an area  
 equal to  $2\frac{1}{4}$  Candies  
 held by him before  
 the settlement, on the  
 same assessment, viz,  
 Rs 5-10-0. The Dy  
 Comr. is accordingly requested  
 to allot, in communi-  
 -cation with the Survey  
 Supt, <sup>A. G. 300.</sup> 43-36-00 of land (equal to  $21\frac{1}{4}$  Candies)  
 under the Nammenhally  
 tank to Ramnagar on  
 an assessment of Rs 65/10/0.

Ramnagar must pay  
 full ~~assessment~~ <sup>assessment</sup> on  
 the remainder of the lands  
 held by him under the  
 tank.

Petition dated 19 November 1892  
from <sup>Kadab</sup> Ramengar of  
Magesandra in the  
Subbi Taluk -

order -

Before the introduction  
of the Survey and settle-  
ment into the late Kadab  
Taluk Petitioner Ram-  
engar held  $\frac{1}{2}$  -  $\frac{1}{2}$  - 0  
of wet land under the  
Bommenkalli Tank  
on an assessment of  
Rs 65-10-0 at the favorable  
rate of  $2\frac{1}{2}$  annas per  
cent, which was con-  
ceded in considera-  
tion of his having  
restored the tank.  
During the settlement  
an extent of 27 - 33 out

of Petitioner's holding <sup>156</sup> 787  
was classed as wet  
land and assessed  
at Rs 80. @  $\frac{1}{2}$ -14-0 per  
acre and the remainder  
was assessed at dry rates.  
Against this, Rammingar  
complains and asks  
that the rate of Rs 2. 14-0  
per acre adopted by  
the Survey Department  
in assessing the land  
in question, may be  
reduced to Rs 1-3-0

This request cannot  
be granted. But in  
consideration of the  
expenses incurred  
by Rammingar in  
restoring the tank,  
the Dewan is prepared  
to allow him an  
area equal to the  $2\frac{1}{4}$   
candies held by him  
before the settlement,  
on the same assessment

N<sup>o</sup> 857 Survey Supt's Office  
Bangalore 11<sup>th</sup> November  
1885

To, The Secretary to the  
Dewan of Mysore  
Sir,

(45)

I have the honor to re-  
port for the information of the  
Dewan that the orders given  
in Dewan's Proceedings N<sup>o</sup> 31589  
dated 18<sup>th</sup> August 1884 to put  
Ramiengar in possession of  
A. B. 425  
43. 36. 64 on an assessment of  
Rs 65. 10. 0 have not yet been  
carried out.

2 The Deputy Commissioner  
in his Vernacular N<sup>o</sup> 40 of the  
15<sup>th</sup> August last proposes that  
the land to be given Ram-  
-ingar shall be Survey Nos.  
26, 30, 33, acres 27 guntas 33, assess-  
-ed at Rs 80 (already in his  
possession) and Survey N<sup>o</sup> 23,

<sup>A. 4.</sup> 12.35 assessed at <sup>195</sup> Rs 14 (waste) -  
in all <sup>A. 4.</sup> 40.28 bearing Survey  
assessment of Rs 94, the extent  
being a little short of <sup>A. 4. 2<sup>1</sup>/<sub>2</sub></sup> 43.36, 64  
being considered immaterial.

3 The matter can thus  
be disposed of, but before  
finally carrying out the  
above proposals I deem it  
my duty to bring to the  
notice of the Dewan, that  
the fact of the Bimankalli  
tank being breached has  
apparently been overlooked  
and that other holders of  
lands under private tanks,  
all of whose claims have  
been disallowed if the tank  
was not in efficient order,  
may consider the terms ...

Granted

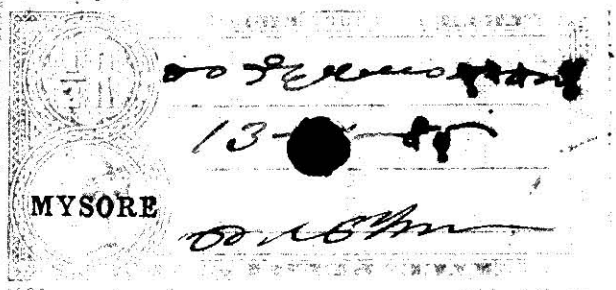

granted to <sup>166</sup> ~~196~~ Ramenya, who  
has observed none of the  
conditions entitling him to  
favourable rates, to be in  
marked contrast to the treat-  
ment they themselves have  
met with.

4 If the fact of the bank  
being breached, and badly  
breached and altogether, so  
far as I was able to judge  
on inspection, a very bad  
piece of work, has not reap-  
-ed the Duran's notice, I  
shall at once carry into  
effect the Orders of 18<sup>th</sup> August  
1884.

Petition of Ramnagar of  
Mayasamudra in the Tiptur Taluk  
dated 13<sup>th</sup> November 1885.

---

States that on submitting his case in the matter of his land N<sup>o</sup> 150 situated below the Mayasamudra Tank, the Dewan directed him personally to appear before the Deputy Comm<sup>r</sup>, represent his case to him and make a fresh daskhast for the same: this he did & also put in a fresh daskhast as was ordered, to the Taluk authorities, no justice was meted out to him.

The said N<sup>o</sup> as well as the adjoining lands were treated as "Bagayeh": As these are situated in the margin of the Tank, Petitioner was, at the time of the acceptance of his original daskhast, directed by the then Amildar to leave a sufficient portion to the extent of 5 yards, just immediately bordering the tank, for purposes which may be required by Govt whilst repairing

the tank in question, as laid down in the Rules of the Engineering Dep<sup>t</sup>, and take up the rest: that in accordance with this order, Petr<sup>r</sup> left 10 yards of it and cultivated the remaining portion: the land was also surveyed subsequently: to refuse the grant of such land to him now is unjust: relying on the original order, he laid out 450 Rs in bringing up the land fit for cultivation & planted 600 plantain trees thereon: had also paid 110 Rs Cundayam, at the rate of Rs: 18-10-00 per annum.

There were 5 pits on the tank bund: the work of filling up 4 pits was given out on Contract, which was duly executed: the Contract of the 5<sup>th</sup> pit was taken up by the Cusba She'kdar & Anche Mintsuddi who, instead of obtaining soil required for the work from the margin of the tank which was specially allotted for the purpose, as was done by the other Contractors, have thro paid, dug up huge pits <sup>to Petr<sup>r</sup></sup> in his land, thus causing loss & damage to his land: He complained against this to the Dist<sup>o</sup> authorities & claimed 600 Rs

No 66  
12<sup>th</sup> May 1887.

To  
The Chief Secretary to the  
Government of Mysore.

Sir,

I am forwarding herewith  
the accompanying petition from  
Ramarangar with the enclosed  
series of correspondence regarding  
his case. I have the honor to state  
with reference to the last order  
on the subject that under  
Bommanahally Taluk only an  
extent of 40 acres and 28 guntas  
was available and was given  
over to Ramarangar and he has  
in his turn been made to pay  
a proportionate land revenue on  
the basis sanctioned by the  
Deewan's order No. 3158-9 of  
18<sup>th</sup> August 1884. I solicit  
sanction to this arrangement.

although the order of the late

Chief Commissioner <sup>226</sup> No.  $\frac{205}{8}$  of

13<sup>th</sup> April 1880 clearly rules that he is not entitled to any & further remission yet Ramnagar assures me that both the late and the present Dewan's have promised to give him remission if a recommendation to that effect were submitted by this Office.

Endorsement P. 2905 also favours his contention. I have accordingly given the subject my best con-

sideration. As the Dewan is aware Ramnagar has been till very recently fighting out his case and had no time to repair the tank. Moreover the bed which was cultivated had been assessed and as under the final order of the Dewan No.  $\frac{3158-9}{168}$  of 18<sup>th</sup> August 1884 the catch.

Kat land has been finally settled. I have removed the assessment of the bed and

Ramnagar has been thus enabled to begin his repairs or make his own arrangements with regard to his tank. I

 petitioners have paid up all the

 of 12<sup>th</sup> February 1882 wherein that

 order to the same effect from  
 Colonel Bruce one of the late

On the recommendation of  
the Dy Commissioner for remission  
of assessment of Rs 67-10-10 due  
by Ramalinga for 1875-76, on the  
lands below his private Tank of  
Bommenahalli, which breached,  
the Commissioners of Vandichung  
submitted the same for sanction  
to the Chief Commissioners, who in  
accordance sanction to only a fourth  
of the above amount, observed thus.

"It would appear from the  
proceedings in this case that the  
damage to the Tank was caused  
partly by heavy rains and partly  
by reason of petitioner having  
neglected to keep it in repair, and  
although it is not quite clear how  
far the allegation against Rama-  
linga is true, that he bonded up  
the Tank so that, on the breaching  
of the Tank above, it necessarily  
breached, the Chief Commissioner  
thinks that a remission of  $\frac{1}{4}$  of  
assessment is ample:-

Ramarengas complained  
that his Tank was breached by  
the bursting of the Government's  
Itinaker Tank above, and prayed  
for its restoration at cost of  
Government and for remission of  
candayem for 1877-78 and 1878-79.

Letter No. 311 of 19<sup>th</sup>  
March 1880 to Secy.  
to Chief Commissioner.

The Commissioner (Mr. H. P. Sheshaiah Iyer)  
after personal inspection of the  
petitioner's Tank and the one above  
it, as well as the lands below and  
in the bed of the former, reported  
that the Tank of Bommenahally  
was built by the petitioner, and the  
lands below, viz: 25 Gaudies were  
granted him at the rate of <sup>02. a. p.</sup> 2-6  
per Gaddas; that in 1875-76, when the  
Tank was breached, the Commissioner  
recommended remission of full assessment  
on the lands below pending petitioner's  
rebuilding the Tank, but the Chief  
Commissioner directed only a fourth  
of the assessment due for 1875-76  
to be remitted. Observing the breach  
of Petitioner's Tank was due to the  
faulty construction in as much as  
the level of the weir was unduly  
high, that a question arose about  
the Candayem of 1876-77 whereupon  
the Commissioner ordered that a fixed  
time be given to petitioner for restoring  
his Tank, during which he could  
not be called on to pay, but that if,  
after

23<sup>1</sup> after that time, he failed <sup>191</sup> to restore the Tank he should be demanded to pay up the Candayem, and that accordingly a period of 3 months was allowed, but petitioners failed to comply and only prayed that the Government itself might either restore the Tank or pay him compensation for its loss, and that the Candayem due should also be remitted. The Dy Commissioner further remarked that, even admitting that petitioners Tank was breached by the bursting of the Government Tank above, his claim for compensation was not admissible on principle as he must have made his own Tank sufficiently strong to withstand such contingency. Looking, however, to the state of petitioners lands, which had always lain waste rendering even dry cultivation impossible owing to submersion during the rains, the Dy Commissioner recommended that the Candayem for 3 years from 1877-78 to 1879-80 amounting to Rs 203-4-6 be remitted.

Petitioners having cultivated the bed of the Tank, the Deputy Commissioner ordered that he might be allowed to enjoy the same free of assessment till the end of 1880-81 as by which time he undertook to rebuild the Tank. Considering the usefulness of the Tank to the Bommenahally and surrounding Villagers and their cattle, the Deputy Commissioner stated that  
petitioner

petitioners deserved to be granted some advance under the Land Improvement Act.

3<sup>rd</sup> The Chief Commissioner (Chief Commr: Pro: No. 205 of 13-4-80) ordered that no compensation could be granted to petitioners not the remission of full assessment for the above 3 years, allowing petitioners to cultivate the bed free, but sanctioned remissions of only half the assessment for 4 years up to 1880-81 on the understanding that full assessment was recoverable thereafter.

The Executive Engineer (No. 1055 of 2-6-81 from Executive Engineer) reported that, for repairing the Mayasandra Tank, earth had to be excavated from the garden land belonging to Ramalingar, assessed at Rs 18-0-0 and requested that Ramalingar be ordered not to interfere with digging. He stated that Ramalingar obtained this land by Sharkast in 1875, and kept it waste for 6 years paying Camoayem to Government which came up to about Rs 108-0-0, and that, if any compensation is at all payable, it should not exceed that amount.

The Deputy Commissioner (Deputy Commr: Mr. Sub Rao) stated that, when he reply No. 52 of 10-6-81 obtained the land in 1875, petitioners had agreed to allow Government to remove earth from the land as usual for Tank repairs, and that therefore no claim for compensation could

Secretary.

Mr. Subab Rao, the Deputy  
Commissioner reports that Rs  
306-9-9 being the arrears of  
Gandayem for 6 years from Shatan  
to Violen, were due by petitioner, and  
that, notwithstanding the advices  
given him by the Deputy Commr.  
to adhere to the Chief Commissioner's  
orders of 3<sup>d</sup> April 1880, he persistently  
refused to pay up the arrears, and  
the consequence is that his lands  
were ordered to be attached and  
sold which fetched nothing.

The Deputy Commissioner  
further brought to notice that  
petitioner having cultivated the  
bed of his breached Tank from  
1875-76 was liable to pay to Government  
an assessment aggregating at the  
rate Rs 132-13-1 for each year.

Enclosurement No.

from Secretary.

An enclosurement was  
given to Ramalingam by the Chief  
Commissioner as follows.

In reply to his petition  
of 24<sup>th</sup> January 1882, Ramalingam  
of Mayasandra in the Kadaba  
Taluk

Saluk of the Sindh District,  
34  
is informed that remissions already  
granted were not conditional and  
will be still allowed. Attachment  
and attempted sale did not affect  
petitioners' possession and right to  
cultivate. No further remission  
can be granted."

Forwarding Ramasingh's  
petition and asking to report as to  
what took place with reference to  
previous orders.

Secretary's Forward  
Memo No. 9507 of  
664  
18.3.82.

The District Commissioner reported Letter No. 84 of  
that petitioners' land was sold on 11.5.82 to Secretary.  
15<sup>th</sup> February 1882 and fetched no  
bids; that the final orders of  
the 10% Idem having reached him  
on the evening of the 15<sup>th</sup>, he disposed  
of the case according to its terms.

Out of the balance of  
Rs 306-9-9, shown as due by petitioners,  
a sum of Rs 249-1-6 had to be  
deducted leaving still a balance  
against petitioners Rs 57-8-3. Of  
this balance a further sum of  
Rs 21-10-3 having to be deducted  
on account of the breach of  
Mayasauria Santh, a government  
one, below which petitioners hold  
lands, the net arrears due is  
amounts to 35-14-0. The amildar  
was ordered to recover and release  
the land from attachment.

The orders of the Dewan  
run thus:-

"Before the introduction of

The Dewan's Pro  
No. 3158-9 of 18<sup>th</sup>  
162  
August 1884.

"of the Survey<sup>23</sup> Lett<sup>3</sup> August into the  
late Kadoah Taluk, petitioners  
Ramalingas held <sup>K</sup>21-<sup>K</sup>5-<sup>sq</sup> of wet-  
land under the Bommenahally  
Taluk on an assessment of Rs  
65-10-0 at the favorable rate of  
2½ annas per acre which was  
conceded in consideration of his  
having restored the Taluk. During  
the settlement an extent of <sup>27</sup>27-<sup>8</sup>33  
out of petitioners holding was  
classed as wet land and assessed  
at Rs 80, at Rs 2-14-0 per acre and  
the remainder was assessed at dry  
rates. Against this Ramalingas  
complains and asks that the  
rate of Rs 2-14-0 per acre adopted  
by the Survey Department in  
assessing the land in question  
may be reduced to Rs 1-3-0. This  
request cannot be granted. But  
in consideration of the expense  
incurred by Ramalingas in  
restoring the Taluk the Dewan  
is prepared to allow him an area  
equal to the 21¼ Candies held by  
him before the settlement, on the  
same assessment, viz. Rs 65-10-0.  
The Commissioner is accordingly  
requested to acco<sup>d</sup>, in communica-  
tion with the Survey Superintendent  
as per nos  
43-36-64 of Gaud (equal to 21¼  
wet Candies) under the Bommenahally  
Taluk to Ramalingas  
on an assessment of Rs 65-10-0.

"Rannanagar mudday: full survey assessment on the remainder of the lands held by him under the Lank:-

Orders to the effect that the concession granted in the above is ample, and that if petitioner fails to appear before the Commissioner and obtain the lands within 3 months, it will be necessary to withdraw the concession altogether.

Enclosure no. 2633 of 17 January 1885 given by the Dewan to Rana

Proceedings is ample, and that if petitioner fails to appear before the Commissioner and obtain the lands within 3 months, it will be necessary to withdraw the concession altogether.

In Dis. Progs No 3158-4 of  
18<sup>th</sup> August/84 it was ordered  
that <sup>as 9</sup> 43.30.64 asepment at Rs  
65/10/- should be given to Ram aien  
gar; but in para 1 of the letter  
read above it is stated that as  
only <sup>as 9</sup> 40.28 were available  
under the Bommenahalli  
tank, this whole extent was  
made over to him on condition  
of his paying a proportionate  
asepment thereon. It is  
however enquired whether  
it would not be desirable, in  
the interests of Govt to make up  
the difference of <sup>as 9</sup> 3.8.64 by  
allotting to the said individual  
an equal area mt of 8.40.24  
measuring <sup>as 9</sup> 10.10 & asepment  
at Rs 7/8/-, which is stated to lie  
waste in Survey Supt's No 138 of  
20<sup>th</sup> May/84.

2. With regard to Rs 134.3.00  
recommended for permission  
in para 2 of the letter, it is ob-

been asseped he could not repair  
the tank. The assepedment was removed  
in the year Sarvajit, and the arrears  
are for that and the previous years.  
Under the peculiar circumstances  
of the petitioner's case, half remission  
on the atchakat land has been  
granted for the years Pramaithi  
Vikrama and Vishu, and the petitioner  
urges that it will be consistent  
to remit the same for the years Chir-  
bhann Swabhann, Sarana, Parthiva  
and Vyaya, amounting to Rs. 145-11-7.  
As, however, the Dewan's Order above  
quoted

quoted is final <sup>29th</sup> and explicit, I -  
have ordered that compulsory  
measures should be adopted for  
the recovery of this amount.

255 I have the honour to be,  
Sir,

Your most obedient servant,

W. H. M. S.  
Deputy Commissioner,  
Lunkim District.

To

The Chief Secretary, (66)  
to the Dewan of Mysore

Sir,

With reference to the Dwa's order  
Camp No 2013 of 2nd December 10, I  
have the honour to recommend the  
payment of an advance of Rs 2000 to Shri  
Ramanagar to build up the breached  
Tank.

2. He has no other security to offer than  
the lands under the tank, and if he  
agrees to deposit the money in the Salug  
Treasury, and be paid from time to time  
according to the Zib to be made by an  
Officer of the D.P.N., I think the money  
may

may be advanced. <sup>87</sup> <sup>222</sup> He promises to repay  
the loan within a period of ten years,  
and this is not unreasonable and may  
be sanctioned. He prays that the in-  
terest may be remitted. It is doubt-  
less his duty to keep the tank in good  
repair, but having regard to the fact  
that this tank was breached on account  
of the floods caused by the breach of  
Konnathere's tank, I think some  
concession may be shown, and if it  
is not possible to remit the whole in-  
terest, a lower rate than  $6\frac{1}{4}$  per cent  
prescribed under the rules may be  
sanctioned.

3. The required documents will be  
properly secured after the orders of  
Government are conveyed on this  
reference.
